## CONNIE KING - Makeup

Connie King has been a makeup artist since 1985, after becoming licensed in Texas. She perfected the art of makeup application with speed and flexibility for beauty, fashion, glamour, fantasy, and body makeup, including swimsuits and tattoos. She has a creative eye for the best application of makeup for the particular project. And, she can be flexible with the makeup, even if the work must be waterproof. She became an expert in airbrush makeup while working in the education division around the world for Dinair Airbrush Makeup Corp. Being that airbrush makeup is the only choice when shooting in HD, Connie is a highly sought after artist.
